JIM'S JOTTINGS

The most important time of the Corvette Club year starts May 24... the first Corvanna in our annual series. We do have many changes in running the series this year, and we will need the assistance of every member. With this help, we will be able to keep our club on a good financial footing.

In the past several months, we have enjoyed many social affairs. These are not going to stop because we have work to do -- our social chairman is combining our work and fun together.

See you all at the meetings this month...General Motors Training Center on the 5th and Claar Chevrolet in Richmond on the 19th!

James B. Craven

NCCA Has New Activities Chairman

Ron Trethan's appointment by the "E-Board" to the post of Activities Chairman was heartily applauded at the last general membership meeting. Due to a sudden very heavy work shedule, our former Activities chairman, Doug Williams, felt that he must resign.

Activities Chairman of NCCA is a job that requires much energy and enthusiasm. We think Ron will do well!

*

Please Pardon Our Delay!

If many things seem a little out of date in some of our articles this month, please excuse us. The bulletin is being printed about a week late. We had the stencils all cut and then ran into a few obstacles, the most important of which was that the mimeograph machine quit printing, and by the way, ruined the original first page. Sorry, and we hope it doesn't happen again!

TTOD for Jim Smith

Driving a B-Production Corvette, Jim Smith took Top Time of the Day at the Modesto 99ers Pleasanton Auto-cross April 12th. This was Jim's first TTOD...Congratulations, fellow NCCA-er!

*

Dark Cloud in San Leandro

We hear the San Leandro Chamber of Commerce was very disappointed. We can understand why...exactly two (2) Corvettes showed up for the Miss San Leandro Parade.
